### THE CAVES OF LUNDY

In June 1966, June 1967, and again in June 1968 Bill Tolfree and M. T. Mills visited Lundy and carried out investigations and Surveys of caves on Lundy. Their Report and Plans were first published in the Shepton Mallet Caving Club Journal (Series Four, Number 2 of December 1966, and Series Four Number 4 (of December 1967) and are here published in an edited form by kind permission of the author M. T. Mills.

For Identification purposes the caves have been numbered as in the map of Lundy contained in the Shepton Mallet Caving Club Journal (Series Four, number 6) of December 1968.
