

OBITUARIES

BARBARA COLE

1934-2004

Barbara died suddenly on 29th December. She first came to Lundy as a member of the LFS to stay at the Old Light in order to carry out research for her MSc., which she completed successfully. Another happy outcome was her marriage to Peter Cole, and from that time they were both stalwart members of, and active in, the Society. They came to Lundy every year with their family, Helen, Jim, Liza and Kate, who later provided us with much appreciated younger members: one working party organiser, one warden, and one committee member. Bar was highly knowledgeable, was always good company, and she will be very sadly missed. We offer most sincere sympathy to her family in their severe bereavement.
